

Ian Lyon – Candidate Statement

Hopefully, most supporters will know me, I have been watching Morecambe FC for over fifty years. I have seen the highs and the lows of times over the years. I have be involved with the many faces of a supporters club for many years. I have also believed a strong supporter voice, is not only good for the supporters but for the entire club on the whole. In recent times this has been more some and at present even more important. Over this years I have done many different things with the groups I was member off. Once again I asked you support me with your vote.
